

MINIMUM MONTHLY SEWER RATES FOR SERVICE FUNISHED INSIDE CITY LIMITS

The monthly charges for sewer rates shall be based on the customer's water usage. Charges for sewer service shall begin to accrue as to each customer immediately upon the commencement of sewer service to that customer.

The following rates and charges shall be in full force and effective on October 20, 1993 or as soon thereafter as the services provided for herein are used by below described customers of such waterworks and sewer system and at all times thereafter.

Installation Charge: The connection fee for new sewer service shall be \$750.00 plus materials, labor, and any other costs associated with getting a sewer tap to or already on the property requesting service. This fee shall be on a per water meter basis (excluding irrigation and fire protection meters) regardless of the actual number of connections. The requesting property owner shall be responsible for any easements required in getting sanitary sewer to the property.
