

§ 53.41 MONTHLY RATES.

(A) Monthly rates shall be as follows:

0-2,000 gallons	\$8.65 Minimum bill
Next 3,000 gallons	4.27 per 1,000 gallons
Next 10,000 gallons	3.59 per 1,000 gallons
Next 35,000 gallons	2.90 per 1,000 gallons
Next 450,000 gallons	2.23 per 1,000 gallons
Next 1,500,000 gallons	2.14 per 1,000 gallons
Over 2,000,000 gallons	2.01 per 1,000 gallons

(B) Preferred or large customers in or outside of the city shall in addition to the foregoing base rates be charged \$1.83 per 1,000 gallons for all water used in excess of 2,000,000 gallons per month.

(C) All customers outside the city shall pay in addition 50%, to be added to the water bill, except large or preferred users using in excess of 2,000,000 gallons per month.

(D) The City shall also have the right to contract for the sale of water to users or for unusual situations.

(E) The City Collector shall keep a permanent record of every water customer and owner of property which is subject to water service, showing the meter reading for each month, the amount charged for water service and with proper entry of date and amount of payment of each. (Ord. passed 6-19-81; Am. Ord. passed 6-2-86; Am. Ord. passed 8-25-94; Am. Ord. passed 6-3-96; Am. Ord. 445, passed 5-27-04)

§ 53.42 FREE SERVICE PROHIBITED.

There shall be no free water service and no connection to the system shall be permitted or made except on a metered basis. (Ord., passed 6-19-81)

§ 53.43 METERS READ MONTHLY.

(A) Water meters shall be read monthly commencing approximately on the tenth day of each calendar month as weather and other conditions and circumstances may reasonably permit and such reading shall continue as expeditiously as possible until all of the meters have been read. If it is found that the meter of a customer is defective or nonoperative, such water bill shall be computed on the basis of the average monthly water consumption of the customer shown by the three preceding monthly meter readings. If no such readings are available, the bill shall be estimated subject to adjustment upward or downward according to the average of the next three succeeding monthly meter readings.

exceeds the product of the numeric pretreatment standard or requirement including instantaneous limits, as defined by § 51.004, multiplied by the applicable criteria (1.4 for BOD, TSS, fats, oils and grease, and 1.2 for all other pollutants except pH); see 40 CFR 403.3(1);

(C) Any other violation of a pretreatment standard or requirement as defined by §§ 51.015 through 51.027 (daily maximum, long-term average, instantaneous limit, or narrative standard) that the Superintendent determines has caused, alone or in combination with other discharges, interference or pass through, including endangering the health of POTW personnel or the general public; see 40 CFR 403.3(1);

(D) Any discharge of a pollutant that has caused imminent endangerment to the public or to the environment, caused or has resulted in the Superintendent's exercise of its emergency authority to halt or prevent such a discharge;

(E) Failure to meet, within 90 days of the scheduled date, a compliance schedule milestone contained in an individual wastewater discharge permit or a general permit or enforcement order for starting construction, completing construction, or attaining final compliance;

(F) Failure to provide within 45 days after the due date, any required reports, including baseline monitoring reports, reports on compliance with categorical pretreatment standard deadlines, periodic self-monitoring reports, and reports on compliance with compliance schedules;

(G) Failure to accurately report noncompliance; or

(H) Any other violation(s), which may include a violation of best management practices, which the Superintendent determines will adversely affect the operation or implementation of the local pretreatment program.
(Ord. 493, passed 12-22-11)

SEWER USER CHARGE SYSTEM

§ 51.165 SEWER CHARGES FOR USERS.

Whereas Public Law 92-500, an amendment to the Federal Water Pollution Control Act, requires that the recipient of construction grants shall enact user charges consistent with said law in the published Federal Regulations, the following sections comply with the stated regulations:

(A) Sewer charges for users of water from the Morganfield Water System shall be at the rate of \$10 plus \$3 per 1,000 gallons used.

(B) The foregoing user charges are in accordance with the Rules and Regulations as provided in the Federal Register on Monday, February 11, 1974, Section 35.925-11, which provides that all recipients of waste treatment services within a given area will pay their proportionate share of the costs of operation and maintenance of all waste treatment services.

(C) For those users of the city municipal sewer system who are located outside the city limits there is hereby established a 50% surcharge.

(D) There shall be no free sewerage service.
(Ord., passed 6-19-81; Am. Ord. 279, passed - - ; Am. Ord. 319, passed 6-2-86; Am. Ord., passed 6-3-96; Am. Ord. 446, passed 5-27-04; Am. Ord. 475, passed 4-23-09; Am. Ord. 494, passed 2-23-12)

§ 51.166 TAP-IN OR CONNECTION CHARGES.

(A) The applicant or owner of shopping centers shall install sewer mains for the shopping center on shopping center property as approved by the city and each business or structure shall be connected directly to the respective sewer main upon payment of the connection charges for each service. Maintenance of the sewer mains shall be the responsibility of the city upon acceptance by the city.

(B) There is hereby established a \$200 sewer connection charge for connections to the existing sewer mains in Morganfield Village and/or Forest Hills Subdivision, and to be paid by the individual lot owner and not the developers.

(C) (1) Eliminate sewer tap-in or connection charges for single and two family residential properties located within the city limits.

(2) For any building site where a sewer service is required and there is no sewer service line, the tap-on fees for sewer connection shall be \$300 per tap except building sites where the sewer mains have been installed by a subdivider in accordance with subdivision regulations, as approved by the Union County Planning Commission in which case the inspection charges shall be \$50.

(D) For any building site where a sewer service line is existing to one structure and a connection or tap exists to the sewer main, there shall be a \$50 inspection charge for any connection or reconnection to the sewer main.

(E) All sewer connections shall be made by a licensed plumber and after the connection is made, it shall be inspected by the city's Utilities Superintendent.

(F) In instances where there are multiple connections, the Sewer Committee of the city shall negotiate with the subdivision or development owners, so that lines are installed at the cost of the subdivider or developer and charges shall be made as determined by the Committee, after the Committee is satisfied that the requirements of the zoning ordinance have been met.
(Ord., passed 6-19-81; Am. Ord. 488, passed 8-25-11)

§ 51.167 MINIMUM RATES TO BE CHARGED.

Where sewer service is available and after notification to the property owner to connect to the system he fails to do so, he will be charged with the minimum sewer rates per month as charged by the city, the same as if the property owner had availed himself of the service.
(Ord., passed 6-19-81; Am. Ord. 279, passed - -)

§ 51.168 SERVICE CALLS.

Any service call made after hours will be charged to the customer provided it is not the fault of the city. The charge will be based at the city's cost, including overtime.
(Ord., passed 6-19-81; Am. Ord. 279, passed - -)
