TITLE : AMENDING ORDINANCE NO. 1982-7

AMENDED ORDINANCE NO. 3142011-1
WATER ORDINANCE

WHEREAS: The City of Arlington voted on December 13, 2010 to amend Ordinance # 1982-7 .
This amended ordinance # 3142011/1 amends several prior ordinances: notably, 50.007 , 50.077, 50.080, 50.001, 50.053, and 50.078.

This Ordinance amends 50.007 to remove language restricting amendments to the measure, since the City of Arlington is no longer indebted to Farmers Home Administration(FMHA) which provides grants and loans to small , rural communities to develop water supply facilities.

This Ordinance also amends 50.077 to alter monthly water rates in accord with federal cost of living adjustment (COLA). The minimum rate for using 2000 gallons or less will increase one dollar(\$1) , from \$9.00 to 10.00.

In addition , this ordinance amends 50.080, changing the title of 50.080 from "Special Uses of Sewer System: to "Special Uses of Water System".

This ordinance amends 50.001 , as well, to note in the definition of : "System" that the water system of the city includes the cost of living adjustment.

This Ordinance also amends 50.053 to read , simply , : " Extension of Water".

This Ordinance also amends 50.078, which deals with billing collection, and penalty charges. Prior to the amendment, the city sent out delinquent notices for bills unpaid; however, following the amendment the city will now place delinquent notices directly on the bill.

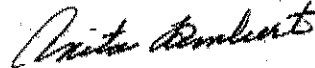

50.077 as amended monthly water rates are as follows:

First 2000 gallons of water or less	\$ 10.00 (minimum monthly charge)
Next 8000 gallons	\$ 4.20
Next 10,000 gallons	\$ 3.80
Next 20,000 gallons	\$ 3.40
