Contingency Designation Fund Information

The Contingency Designation Fund has the following characteristics:

Purpose:

To provide the Lexington-Fayette Urban County Government with sufficient working capital and an ability to address emergencies without borrowing.

Goal:

Goal is to accumulate/maintain a balance of 10% of the General Fund prior year's total revenue

Funding Sources for Contingency Designation Fund:

1. A monthly deposit of \$50,000 will be required each fiscal year unless the 10% goal has been met. In the event funds are withdrawn for revenue stabilization purposes, deposits for that fiscal year may be suspended.
2. Interest earned on monies in the Contingency Fund will accrue to the fund.

Withdrawals from the Contingency Designation Fund:

1. Emergencies – amount needed to insure the health and safety of residents within Fayette County.
2. Revenue Stabilization to balance the budget in the event of an unanticipated revenue shortfall.
3. Unanticipated situations of an unusual nature involving non-recurring expenditure(s).

The Economic Contingency Designation was established by ordinance in 1996 with an initial deposit of \$4,000,000. Interest income and deposits have brought the balance up to \$35.35 million as of June 30, 2019. Ten percent of the FY 2019 General Fund Revenues is \$36.95 million which means that LFUCG is at 96% of the goal established by this ordinance.

The FY 2021 Adopted Budget includes the use of the Contingency Designation Fund up to \$20 million due to the COVID-19 emergency. The use of the funds meets all three of the criteria above as the COVID-19 virus has threaten the health and safety of the citizens; the severe economic impact due to the Stay At Home restrictions have created a need for revenue stabilization; and this unanticipated and unusual event has created non-recurring expenses.

If the \$20 million is needed, the remaining Contingency Designation Fund balance of \$15.35 million would be available for future year financial emergencies.

Urban Services Districts Fund

The Urban Services Districts Fund (1115) was established to account for Refuse Collection, Street Light, and Street Cleaning services. There are six special service districts within this fund. These districts are based on the combination of services provided and are funded by an ad valorem tax rate established for each service.

District one is the FULL URBAN SERVICES DISTRICT. Property owners in this district receive all three of the available services.

Districts three through seven are PARTIAL URBAN SERVICE DISTRICTS. Property owners in these districts receive one or two of the available services.

Sanitary Sewer Funds

The Sanitary Sewer Funds account for the expenses associated with the operation of the sewer treatment plants, maintenance of pump stations, rehabilitation and maintenance of sewer lines, and physical improvements to the system.

The Sanitary Sewer Revenue and Operating Fund (4002) provides for the general operating, maintenance, and debt service costs of the sanitary sewer system. Other expenses include the administrative costs of operating the system such as insurance, revenue collection costs, personnel hiring, accounting, payroll processing, and legal fees. The fund is supported by sewer user fees.

The Sanitary Sewer Construction Fund (4003) was created to account for sanitary sewer construction projects funded by bonds, notes, privilege fees, cash contributions, and sales of surplus property.

Public Facilities Corporation (PFC) and Other Public Corporations

Public Facilities Corporation - General Fund (4022) - Prior to July 15, 1996, the state constitution restricted the LFUCG from issuing general obligation bonds. Instead, bank and mortgage notes and mortgage revenue bonds were issued through various public corporations to finance public projects. The debt is collateralized by the properties, a pledge of specified government revenues, and lease payments from the government sufficient to retire the debt and to provide for the operation and maintenance of the facilities.

Parks Projects Fund (4024) - This fund was created to account for the acquisition of park land, parks development, and improvements.

Public Parking Corporation Fund (4161) - The Public Parking Corporation Fund was established to account for finances of the Public Parking Corporation. The corporation was dissolved by Ordinance 147-2017 and operation of public parking was transferred to the Lexington and Fayette County Parking Authority.

Landfill Fund

The Landfill Fund (4121) was established to account for the revenues and expenses associated with the capping and closure of the landfill in Fayette County and the on-going costs of refuse disposal.

June 20, 1995 - Landfill-solid waste disposal fees approved (Ordinance 138-95).

June 22, 1995 - Solid waste disposal contract approved (Addington Resources, Resolution 252-95).

State and federal statutes and regulations have mandated significant changes in the requirements for designing, constructing, operating, managing, maintaining, and closing landfills. The revised requirements have imposed extraordinary expenses on landfill operations.

Enhanced 911 Fund

The Enhanced 911 Fund (4204) was created in FY 1996 to account for Enhanced 911 operations. An Enhanced 911 system saves time and communicates information, even when a caller cannot, by providing a telephone number and location. Legislation restricts revenues from a tax or fee expressly levied to fund 911 emergency services to be expended solely for 911 services.

A fee of \$2.96 per landline phone is applied to the phone bills of Fayette County residents for the Enhanced 911 system. The fee was set to \$1.31 during FY 2004, and then increased in FY 2009 with a 4.5% annual increase.
